

Jakson Engineers Limited Supplies 100 MW Solar Modules Under Supply Contract to GIPCL

Subheading: Around 190,000 High-Efficiency Bifacial Panels Delivered for GIPCL's 2,375 MW Solar Park, Advancing India's Clean Energy Goals

Noida, 24th February 2025: Jakson Engineers Limited, part of the energy and infrastructure conglomerate Jakson Group, successfully delivered 100 MW of solar PV modules to Gujarat Industries Power Company Limited ([GIPCL](#)) for their 2,375 MW Renewable Energy Park, located near Khavda in Gujarat, marking a significant step in advancing India's clean energy transition and reinforcing GIPCL's dedication to reducing carbon emissions and ensuring long-term energy security.

Jakson Engineers is the first company to complete its contract capacity and deliver around 1,90,000 units of its flagship PERC (Helia Plus) bifacial solar panels, manufactured by Jakson Solar Modules and Cells.

Commenting on this achievement, **Mr. Anurag Garg, CEO of Jakson Solar Modules and Cells**, stated, *"We are proud to partner with GIPCL on this landmark project. Our team demonstrated exceptional execution, setting new benchmarks for efficiency and dependability. This project reaffirms our commitment to the rapidly evolving solar industry, delivering high-quality products while supporting India's ambitious green energy goals. We are optimistic about the future and eager to play a crucial role in transforming India's renewable energy landscape, fostering domestic manufacturing, and strengthening its position as a global leader in sustainable practices."*

In a recent update, the company unveiled plans to invest around INR 2,000 crore (\$215.9 million) to establish a 2.5 GW solar cell manufacturing facility, as well as plans to expand its solar module manufacturing capacity from 1.2 GW to 2 GW.

About Jakson Group:

Established in the year 1947, the Jakson Group has evolved from specializing in Diesel Generator Manufacturing to becoming a multifaceted Energy Solutions provider. The company's prowess encompasses Distributed Energy, Solar Power, Eco-friendly Energy sources, Alternative Fuels, and high-tech Energy Storage Systems, as well as Renewable, Civil, and Infrastructure EPC services. The Company has an extensive presence throughout India with 5 manufacturing facilities, 30+ Sales Offices, 7 international offices and a wide network of channel partners and dealers making it one of the top 10 energy companies in India. The company, with around 2500 employees, focuses on offering high-quality products and value-driven solutions. Drawing from extensive expertise in the Energy Industry, it serves more than 75,000 loyal customers. For more information on the Company, please visit www.jakson.com
